

Your TLC Friend – Liz Aprahamian

Dan Cristiano

Danny has been attending Tuesday luncheons for the past ten years. Danny is the first person to greet those who come to these luncheons as he has recently taken on the job of lunch sales.

Danny's father, John, was born in Detroit. His mother, Mary (Stepanian) whose parents were from Istanbul, was born in Detroit and she currently resides in Virginia. His parents married in Detroit and had three children, Danny, Terry, and Mary Ann. Danny's father and his uncle Harry Unjian did all the carpentry and woodwork in the altar area of the Sanctuary at the present St. Johns Armenian Church.

Danny attended the Detroit School system and graduated in 1961 from Henry Ford H.S. His education continued at Lawrence Institute of Technology where he earned a Bachelor of Science in Electrical Engineering in 1969 and from Wayne State University with a Masters Degree in Mechanical Engineering.

He entered the work world at fourteen when he was a jumper doing door to door sales from an Awrey Bakery truck. At sixteen he worked at a soda fountain, followed by hardware sales in his late teens.

In 1962, he joined the U.S. Army where he worked on the guidance system for the Pershing missile and was honorably discharged three years later as a Specialist 4th Class.

Danny's impressive work resume and career include working at Chrysler as a Metallurgical Lab Technician while attending Lawrence Tech. He worked at Ford Motor as an

engineer from 1969 to 1987. He then worked for automotive suppliers from 1987 to 2003 at which time he retired. At one point he was in charge of engineering, sales and design for Excel Industries and responsible for over \$500,000,000 worth of business with Ford Motor.

Danny and Judy Kemish Cristiano have been married for thirty-eight years and have a daughter Danielle. Kelly is his daughter from his first marriage. Judy and Danny have two grandsons, Logan, almost thirteen and Brady eleven.

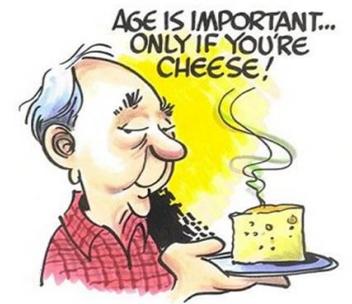

St. John's has benefited from Danny's industriousness. He is Corresponding Secretary of the Men's Society, has been co-chair of the St. John Festival, and both he and Judy give generously of their time to serve church organizations in many ways, including long hours of kitchen duty. He is also secretary of the Knights of Vartan, Nareg-Shevarshan Lodge of Detroit.

Many people have found that Danny is the person to go to when having problems with today's high tech toys. Anyone who has read this far should know that Danny is the computer person who finds the jokes and does the layouts for this monthly handout. You are reading an example of the fine work done by Danny.

Key to True Happiness

Did you know that you have the power to control 40% of your own personal happiness? Many people think that acquiring things like a dream house, money, prestigious job, etc. brings happiness but experts say it only accounts for 10% of your overall happiness. True and lasting happiness has more to do with your attitude and how you behave and think – things you control – than with many of life's circumstances. To truly be happy, why not pick an activity that is meaningful and personally relevant to you. Then use these interests and skills to help someone else. If you're a good cook, deliver a meal to a shut-in. If you're a retired teacher, tutor a child. When it comes to true happiness, doing things you enjoy, *especially* for others will put a meaningful life well within reach.

Friends and Family News – Mary Negosian

We celebrated birthdays for:

Mary Robertson

Jack Mekjian (97th) Archie Hovsepian (91st)

Don't Forget ... - Judy Cristiano

my Living Will -

Last night, my kids and I were sitting in the living room and I said to them, “I never want to live in a vegetative state, dependent on some machine and fluids from a bottle. If that ever happens, just pull the plug.” They got up, unplugged the computer and threw out my wine!! The ungrateful rascals.
