

A Message From Our Chairman...

By the time you receive our newsletter, your Women's Guild Delegates will have returned from an historic assembly in Washington DC. Church faithful from all over the America's will gather in unison, dedicated to our newly venerated saints. Our unified presence in our nations' capital will be testimony to our shared past and future. Those of us participating are humbled and honored to have been your representatives.

Our early May was great and many members were generous enough to ask for responsibility for various upcoming events. Thank you, to those of you that are wearing multiple hats and shirts, for being so supportive.

One member was explaining that this had been a busy year with family and travel and that they were unable, so far, to participate as much as they might have liked. Our families are our greatest treasure. If and when you are able to fully participate in family life, near or far, that should not need an explanation and must be celebrated. After all, we are all here temporarily, en route home again. Your church is your extended family and should also find its way into your plans, as well. And just think, we still have such a jam packed year ahead of us, there is scope for imagination and participation! Don't tell anyone but, summer baking is right around the corner!!
